**WAIMH-** Our biannual international conference took place in Prague from 28 May-4 June. It was an amazing time of productive sharing across nations. There was much opportunity for exchanging feedback which will result in a more interactive webpage and even closer international collaboration. Many South Africans were able to connect for the first time with each other so stronger links were forged all round. We showcased our sponsored community work in a 7 minute video to 1500 delegates and received much accolade. Well done to all who contributed, especially Caroline Sullivan for her heartwarming debut.

### **Previous Meeting:**

**What Children Play when Parent's are Talking** Elzan Frank had us riveted to the sand play her little patients created in response to issues discussed with parents. We were again alerted to the sensitive wiring our young 'uns have and how careful we need to be to build strong parents to hold them with care. Our thanks for her unequivocal stance on ethics and her generous sharing.
